

## Notes on Pilot Project needs

Due to resolution of the Cabinet of Ministers of Ukraine, which adopted Decree No. 883, dated August 6, 2024, titled “On the Implementation of a Pilot Project for the Distribution of Humanitarian Aid in the Form of Liquefied Natural Gas (LNG) to Meet Household Needs during Martial Law.”

Priorities:

№	Type	Volume	Number of units	
1	gas cylinders for households <i>Specification: propane plastic composite cylinder</i>	<b>Priority-</b> 27 liters, Also considerable- 18, 24, 35, 47/	8-17 thousands	Find some <i>examples</i> with pictures below
	Additionally: gas regulators, valves, adapters, gas system connector, tourist plates.		To each cylinder	Find some <i>examples</i> with pictures below
2	Filling station	Performance- any	4 at least	

## Domestic gas cylinders

№	Name	Volume	Country of manufacture	Appearance
		L		
1	Propane plastic composite cylinder with valve	24	India/Ukraine	
2	Propane plastic composite cylinder with valve	35	India/Ukraine	
3	Propane plastic composite cylinder with valve	47	India/Ukraine	
4	Metal propane-butane cylinder	27	Bulgaria/Ukraine	
5	Metal propane-butane cylinder	50	Bulgaria/Ukraine	

<p>Gas regulators</p>		<p>Regulator type 694 Propan-butane household purpose with pressure gauge up to 30mbar Cavagna</p> <hr/> <p>Regulator Cavagna Italy. Propane-butane for thermal heaters up to 500 mBar, 3 kg/h, G 1/4</p> <hr/> <p>Regulator Cavagna Italy. Propane-butane household up to 30 mBar, 1.5 kg/h</p>
<p>valves</p>		<p>Oxygen valve Cavagna Italy</p> <hr/> <p>Carbon dioxide valve with safety valve Cavagna Italy</p> <hr/> <p>Medical oxygen valve W27,8 Cavagna Italy</p> <hr/> <p>Medical oxygen valve W19,2 Cavagna Italy</p> <hr/> <p>Adapter for refueling oxygen valves medicalCAVAGNA Italy</p> <hr/> <p>Gas valve Cavagna Italy with safety valve (W19.2 – 21.8 LH)</p> <hr/> <p>Gas valve Cavagna Italy with safety valve (W27.8 – 21.8 LH)</p> <hr/> <p>Orson gas valve India with safety valve (W27.8 – 21.8 LH)</p> <hr/> <p>Gas valve Cavagna Italy with safety valve for Ragasco composite cylinders (W27.8 – 21.8 LH)</p> <hr/> <p>Gas valve Cavagna Italy with liquid fraction sampling valve on forklifts (W27.8 – 21.8 LH)</p>
<p>Gas hose</p>		<p>Gas hose for oxygen and other technical non-aggressive gases Safegas, 6/9 mm. In the bay – 50 m.</p> <hr/> <p>Gas hose for combustible gas (propane, acetylene) Safegas, 6/9 mm. In the bay – 50 m.</p> <hr/> <p>Paired gas hose Safegas, For gas welding works. 6+ 6/9+ 9 mm. In the bay – 50 m.</p>

<p>Adapters</p>			<p>Propane-butane refueling adapter, for filling of household cylinders at AGZS</p> <hr/> <p>Propane-butane refueling adapter, for filling of household cylinders at AGZS (Poland)</p> <hr/> <p>Ramp nut</p> <hr/> <p>Refueling adapter for collet</p>
<p>Gas system</p>			<p>Regulator Cavagna Italy. Propane-butane up to 30 mBar, 3 kg/h, G 1/2</p> <hr/> <p>Controller with automatic switching of power supplies Cavagna Italy. Propane-butane up to 30 mBar, 10 kg/h, G 1/2</p> <hr/> <p>Rigid ramp for connecting 2 cylinders Cavagna Italy. Propane-butane</p> <hr/> <p>Rigid ramp for connecting 3 cylinders Cavagna Italy. Propane-butane</p> <hr/> <p>Rigid ramp for connecting 4 cylinders Cavagna Italy. Propane-butane</p> <hr/> <p>Tee fitting valve (T-shaped) Cavagna Italy. Propan – butane</p> <hr/> <p>Gas system (basic)</p> <hr/> <p>Gas system with automatic switching between power supplies</p>
